

**30** years' experience and expertise at the top of the market

**10** year warranty on all products

**5,500** customers worldwide

installation in over **64** countries

Holder of **4** industrial patents in **7** countries

**7** subsidiaries based in the major cities

**68** trusted partners across the globe

## OUR EXPERTISE IN WATER, FUEL & ACID LIQUID LEAK DETECTION SOLUTIONS :

### DESIGN

- Forward-thinking, progressive ideas with realistic solutions
- Technical-economical optimisation

### DEVELOPMENT

- Ongoing research
- Prototype testing and improvements
- Precision engineering
- Innovative materials

### MANUFACTURE

- Certified and high-quality materials
- Professional manufacturing systems
- Strict quality control
- ATEX, UL, FM approved products

### INSTALLATION

- Fully certified technical team
- Expert knowledge of specific applications
- Project management

### ADD-VALUED SERVICE

- Industry-leading 10 years warranty
- Dedicated technical-sales team
- Technical assistance

WATER LEAK DETECTION

OIL LEAK DETECTION

ACID LEAK DETECTION

## TYPICAL APPLICATIONS

Data Center & Mission Critical Environment

Critical Technical Areas (Battery Rooms, UPS...)

Generators

Public & Commercial Buildings

Laboratories, semi-conductor plants & Cleanrooms

Oil & Gas Industry
