

# FG-ALS8 Eight Zones Alarm & Locating System Unit

**Product Datasheet** 

# Description

The FG-ALS8, Eight Zones Alarm & Locating Unit is designed to be used with TTK analog sense cables to give instant detection and location of liquid leaks (water, acids or base).

In the event of liquid leak or fault on the sense cables in any zone, the FG-ALS8 will respond as follows:

- An audible alarm is triggered and a relay is activated.
- The touchscreen of the panel displays the zone, the location of the leak (+/- 1 m) and details of the fault (the type of fault leak or cable break).
- Event report is sent to the BMS via MODBUS /JBUS.

To mute the alarm sound, simply touch the screen, or the panel will automatically mute the alarm when the leak or break is resolved.

## Key Advantages

- Zone Control: The FG-ALS8 unit can control up to 100 m of sense cable per zone.
- Adjustable Sensitivity: The sensitivity of the unit is adjustable via the potentiometer located on the PCB.
- Fault Detection: The system detects cable break faults to ensure reliable monitoring.
- User-Friendly Interface: Users can customize the system through submenus accessible from the home screen to set up the unit easily.
- Precision & Usability: The FG-ALS8 unit is accurate and easy to use, making it ideal for small and medium applications where precise leak location is required.

#### **Screen Shots**

 The first button (flag) allows to change the system language: English / French / German

The second button (arrows) allows to show the installed lengths on each of the eight zones:

In the case of faults (leak or cablebreak), the touch screen shows below:

The cablebreak alarms, represented by scissors and the "sensor" label.

	ZONES
Zone 1: 15m	Zone 5: 7m
Zone 2: 30 m	Zone 6: 30
Zone 3: 60 m	Zone 7: 15m
Zone 4: 7m	Zone 8: 45 m

The leak alarms, represented by a drop of liquid;

The third button (gears) allows to change the Modbus slave number and to set the "mute" mode:

 I: SENSOR
 5: SENSOR

 2: 30 m
 6: OK

 3: 99 m
 7: SENSOR

 4: OK
 8: 45 m
